### **Students Feedback Report**

**2017-2018**

Government Meera Girls College, Udaipur aims to offer the best possible environment and learning experience to encourage students to perform to their full ability.

Students play critical role in the evaluation, progress and enhancement of the quality of this learning experience. Feedback from students allows the college to evaluate how its service provision is viewed by its most important group of stakeholders, namely the students.

There has been an increasing emphasis on the need for involvement of students in the quality assurance of higher education. Students participation requires that students act as collaborators rather than merely passive receivers of teaching and learning.

The students feedback form focuses on the various issues :

1. Lecturing methodology
2. Lecturer attributes
3. Strength and weakness of the institution
4. Students Teacher Relationship
5. Comparison between study unit description and actual delivery

6. Students participation in various activities
7. Knowledge about NAAC

According to the given students feedback 22% said that the curriculum is simple and 78% gave their views that it is general to understand.

Regarding completion of course in the session 2017-18, 38% gave their views in relation to 85-100% completion of course, 48% believed that 70-85% course was completed, 12% believed that course covered was between 55-70% and rest 2% gave their opinion for less than 55%.

Nearly 48% teachers are said to come prepared for lectures, 52% do satisfactory preparations as per the students response.

Similarly 50% teachers according to students are effective in delivering lectures, 28% are very effective and the remaining 12% have satisfactory (communication) skills.

80.8% students said that teachers of the institution always behave in a good manner, whereas 12.7% sometimes behave in a strict manner and the 4.25% teachers have active quick behaviour.

When asked about the choice of subjects for their degree course 49.8% said that because of their interest in the subject and marks obtained. Followed by 23.9% saying that they chose the subject because they help in getting job, rest 17.3% said the choice of the subjects was done because it was easy to get admission and marks and rest took the subject cause of impact of parents/teachers and because of the reputation of the department.

85.7% of the students were fully satisfied with the availability of equipments and the maintenance of laboratories whereas 14.3% are satisfied to a certain extent.

Regarding the evaluation of teachers from 10-0 scale - 20.18% of Lecturers come in less than 5.5 scale, 24.13% come in 5.5 to 7.0 scale, 27.58% come in 7.0 to 8.5 and 8.5 to 10.0 scale.

When asked about the percentage of Lecturers in various quality categories. 25.80% Lecturers come in the category of intelligent and good communicators, 20.96% come in general, 25.80% come in neutral, unbiased and open minded category and rest 27.41% come in the category of being polite, kind and friendly.

54.2% of students experience equal feel. When they meet students from other institutions, 33.3% experience one up feel and 12.5% are unable to give their view regarding this.

When asked about the students teacher relationship 48.97% consider it to be very good, 40.8% think it is good and 10.2% believe it to be satisfactory.

According to 57.69% of students facilities available in Hostels are satisfactory and for 42.3% of students they are not satisfactory.

Medical facilities in the college according to 59.5% of students are found satisfactory, very good by 38.3% of students, not sufficient according to 4.65% of students and bad according to 2.32% of students.
